

Friends of Cyprus 23/3/45.

1) Welcome to all - on Occassion of Mr.  
Delivered in Alberton

Tell them it is an honour for  
Alberton to have this provost  
We are grateful to the Friends of  
Cyprus movement.

2) Tell the necessity of this  
movement - to keep our feelings  
alive & to realise what our  
duties are - for assistance  
not only to the liberation  
of Cyprus & the Refugees -  
but also to the immediate  
or long term liberation of  
Cyprus.

No need to discuss why and what has  
3) We have only a framework  
fallen way to the Profite  
of Netterwick - the messenger -  
but to the degree that  
Netterwick failed - so  
the Disraeli sat -  
will not be able  
control the Greek Spirit

or people - <sup>②</sup> The very war  
is that a few more thousand  
may be killed - But in  
the end no Turkish Soldier  
will remain on the Cyprus  
Soil.

4). Let us Remind here in S.A.  
we cannot ~~exercise~~ say assist  
the cause by getting involved  
in Greek Cyprus Politics -  
if this is our desire we  
must leave S.A. ~~etc~~ e.g.  
~~express our feelings locally~~  
— We have to assist  
Cyprus on the International  
Plain

Remember us S.A. Born children  
⑤. Fin. - We are to  
return the agency the  
evening

(3)

Let us not forget it —  
We cannot rest until  
the last Turkish soldier  
has left Lykes —

Let us remain awake  
to the cause — Let us  
this evening assert  
by giving liberally —

Remember there are  
children that cannot gather  
their education — tonight  
when you go home —  
wrap your children's share  
a thought for those that are  
out in the cold — no mother  
or father —

(4)

⑥ Let us contribute  
 - Possible, on a Monthly  
 basis until we have  
 stabilised the folk flyers -  
 - So that they can move  
 into their Liberation Movement.

Once More Thank  
 everybody & especially the  
important Role The  
Friends of Cyprus Movement  
 is playing in our hands &  
 in our direction towards  
 maintaining & recognising  
 our Catician towards the  
Ethnos

25th March Calcutta

Why we are only  
soon we will have another  
day - to allow the  
freedom of guns - but we  
know that we have assistance  
to the day becoming a  
party
